PPF_FP7_T2.8 Short guidelines on filling this Partner Profile Form (PPF)

The present form aims to help the researchers in disseminating their activities and interests as potential partners within the Theme 2 of the FP7 by assisting the process of partner search.

PPF_FP7_T2.1	The fields should be filled in order to allow the identification as a partner proponent and further contact by possible coordinators or other entities.
PPF_FP7_T2.2	A short description on the research team will allow the acknowledgement of the past and present activities.
PPF_FP7_T2.3	The activities and areas of interest under the 2009 calls of Theme 2 should be indicated.
PPF_FP7_T2.4	Description of previous and present experience in International Cooperation (e.g. projects and partners involved).
PPF_FP7_T2.5	If the interest of the organization regards several topics under the same area, or different areas, additional lines can be introduced in order to cover all the information considered relevant.
PPF_FP7_T2.6	Information on activities and interest on areas of other Themes allows the identification of potential synergies – multidisciplinary projects/approaches.
PPF_FP7_T2.7	In order to best fulfil the goals intended, this form should be circulated to the international community of National Contact Points, and also among potentially interested parties. Note that also the online publication of the present information could be of great help in the process of consortium search for a submission of a proposal.
