

An information day on Estonia's participation in FP6 and on the latest developments for FP7 will take place in Tartu, Estonia on January 27.

An overview will be given on **Estonia's participation in the FP6** in 2005 and the success so far. Introduced will be the latest developments in FP7, discussing the structure, financial perspective, instruments, rules for participation in FP7 and the role of European Research Council.

Representatives of EU-Bureau of the **German Federal Ministry of Education and Research** for the Framework Programme will present their insight into FP7 and experience with FP6.

The information day will be organised by the Archimedes Foundation and supported from the European Union **FP6 NBCC project**.
