## Call for Proposals on Cultural Dynamics

Planned Deadline – 1 February 2006

**NEST**  
(New and Emerging Science and Technology)

NEST announces a Call for Proposals on *Cultural dynamics*, one of its PATHFINDER initiatives for 2006.

Culture is not only an important achievement of mankind, it impacts on all sectors of human life. The central issues facing societies everywhere regarding the quality of life have a significant cultural dimension.

The objective of the call is to support inter disciplinary research to promote a better understanding and predictive capacity relating to transmission, change and innovation in human culture.

Further information, including the official programme, reference documents and submission requirements will soon be available via the NEST web site: [www.cordis.lu/nest](http://www.cordis.lu/nest)

Information can also be obtained through your National Contact Point (NCP). For contact details please consult: [www.cordis.lu/nest/ncp.htm](http://www.cordis.lu/nest/ncp.htm)
